Teddy's MOUTH POSITION CARDS have cool clues (called "cues") in each picture. See how these cues work together to make each sound!

The **honey** cue  tells if sound vibrates or tickles in the nose.

The  shows a lot of breath or wind.

A **green** bowtie  = voice **on** and **red** = voice **off**.

Lips  can be different shapes: round? together? Do you see teeth

Feel, tell and show how your **tongue** moves!
